JANUARY HAPPENINGS

"Babies" Movie a Success

In spite of a snowy day and evening, our showing of the movie, "Babies", brought over 100 people out to the Reg Lena to participate in our basket raffles, learn about the Birthing Kit Project and see this excellent movie. Over 20 baskets were raffled and in the end, our club cleared over \$300 which will go toward purchasing supplies for the Birthing Kit Project. In addition, we received a lot

of great publicity for our project and our club.

Jim Tillotson Speaks about Nepal

Jim Tillotson, our January program speaker, shared his experiences in Nepal where he, along with a business partner, are working through the Himalayan Education Development Project to help local citizens of this remote country receive an education. He also discussed the important role women play in this culture as they carry most of the responsibility for supporting and caring for their families although they receive little respect or recognition for what they do. When hear-

ing of our Birthing Kit Project, Jim indicated that birthing kits would be of great help to women who are giving birth in this very rural area and agreed to try to bring some into Nepal on his next visit.

Women's Wellness Fashion Show

Our club has agreed to support this program, sponsored by Chautauqua Physical Therapy at the Riverwalk Center on February 24th from 5-8 p.m. We have been asked to manage (woman?) the silent auction. Volunteers are needed and signups will be taken at the February 2nd business meeting.

FEBRUARY PROGRAM: JIM REVEGNO, NUTRITION AND COMPLEMENTARY MEDICINE

Jim Revegno has been a practicing pharmacist for the past 40 years, most recently at his model pharmacy, Lakewood Apothecary. He has developed expertise as a consultant in the nutritional supplement industry, in diabetes management and in other specific health areas. Jim spe-

cializes in complementary medicine—helping people combine alternative therapies such as nutrition, herbs and homeopathy with their traditional therapies to provide better outcomes and better life quality.

For our program, Jim will talk about the need for a

basic gender specific nutritional program, what that would involve and why. He will also be available to answer questions.

MEET MEMBER, ELLEN KAYE

Ellen Kaye was born in Delafield, Wisconsin and graduated from Kettle Marine High School. She has an older sister who is married and expecting a baby this summer.

Ellen attended St. Norbert College to study political science and media communication. In 2007, she moved to Tallahassee, Florida where she worked for a property insurance company doing contract negotiations.

The year, 2008, was a busy one for Ellen as she

received her MBA from Jones International University, married her husband, Greg and moved to Minneapolis where she worked for a travel company as a meeting planner.

Later that year she moved to Fredonia where she found her current job doing outside marketing for Great Lakes Home Healthcare Services. In her job she works with physicians to make sure they understand how their patients' insurance covers the purchase of the equipment that her

company provides.

Ellen likes to cook and bake, snow shoe, ski and run. She enjoys traveling and has visited Paris, Ireland and cruised to the British Virgin Islands, US Virgin Islands and Dominican Republic. Joining Zonta in 2010, she is an energetic and enthusiastic contributor to our Zonta Club activities and has already headed the successful effort to provide clothing to our local hospitals for women who have had to leave their clothes as evidence.
